## MULTI-MOTOR CEILING FAN COLLECTION

### *Mustang II*

5 Year Outdoor Limited Warranty  
25 Year Indoor Limited Warranty  
2 Year Oscillator Motor Warranty

The dual motor **Mustang II** model features a unique oscillating function (110° rotation) and is designed for use in damp locations. The two motors are adjustable to operate in the three positions, but the 45° angle is best for airflow area coverage.

### *Mustang*

5 Year Outdoor Limited Warranty  
25 Year Indoor Limited Warranty  
2 Year Oscillator Motor Warranty

The **Mustang** model also features the oscillating function (110° rotation) and is designed for use in damp locations. The motor is adjustable to operate in three positions; 0° for vertical airflow, 90° for horizontal airflow, or at the optimum 45° angle for best general airflow.

## MULTI-MOTOR CEILING FAN COLLECTION

### *Duet*

5 Year Outdoor Limited Warranty  
10 Year Indoor Limited Warranty

The **Duet** ceiling fan features two caged fan heads, 15" sweep each, that revolve 360 degrees, 52" maximum sweep. Motors can be angled for maximum comfort.
